Mr. Martin Li

Q-Learning Institute – High School Mathematics & Physics Teacher

Mr. Martin Li holds a Master's degree in Mechanical Engineering from Tsinghua University and a Bachelor's degree from Xi'an Jiaotong University. He also possesses a Higher Education Teacher Certificate from China and has over 13 years of teaching experience at top Chinese universities, as well as

extensive training and teaching experience in major corporations both in China and Canada.

Mr. Li specializes in Ontario high school mathematics and physics, including grades 9–12 Math, Functions, and Physics, as well as advanced AP/IB extensions. He is known for his rigorous yet engaging approach, using heuristic, step-by-step methods to help students deeply understand core definitions and theorems, strengthen logical thinking, and master efficient problem-solving strategies.

Under Mr. Li's guidance, many students have improved their grades by 15–30 percentage points on average, with outstanding results in school tests and provincial assessments. Numerous students have successfully progressed to top Canadian universities such as the University of Toronto, the University of Waterloo, and McMaster University to pursue science and engineering degrees. His clear explanations, patient support, and close communication with families have earned him high praise from both parents and students at Q-Learning Institute.
